1PD & 2PD students: Take a moment now to make sure you have registered for these summer IPPEs.

- PHA 5942 (1PD)
- PHA 5944 (2PD)

Tuition will NOT be assessed for these required, summer core courses.

While there is no tuition, there is a $6 LAB FEE.

Be sure to check in your ISIS/myUFL account.

A late payment will incur $100 Late Fee. That will bring your tuition + fee liability to $106.

If you do not register by MAY 5, 5:00 PM, you will be assessed a LATE REGISTRATION FEE, which is $100. This will bring your tuition + fee liability to $206.

There is no reason to pay $206 for a $6 fee. I cannot back out fees.

Advice: Register today and pay by May 22, 3:30 p.m.
ELECTIVES

Other than IPPE, there is no other required summer registration.

There are optional summer courses that can count toward your required 8 hours of elective credit.

ON LINE OFF BOOK ELECTIVES

Off Book means that you will register through the programs’ website(s). Tuition, fees, and due dates will differ from conventional “On Book” programs.

The program will process your registration for you in ISIS, however, you will still pay for your courses through ISIS/myUFL.

The degree audit has been programmed to recognize these courses as eligible electives, and will count toward degree requirements.

1PDs and 2PDs are welcome to register.

Distance Education Elective

$1575

- PHA5933 Clinical Applications of Personalized Medicine (3 cr)
  - Course description, tuition information and registration
On Line College of Pharmacy Electives

$525/credit hour

Departments of Medicinal Chemistry and Pharmaceutical Outcomes and Policies

- Course descriptions, tuition information and registration

- PHA6935: Veterinary Pharmacy (2 cr)
- PHA6556: Introduction to Clinical Toxicology (3 cr)
- PHA6557: Clinical Toxicology 1 (3 cr)
- PHA6357: Herbal and Dietary Supplements (3 cr)
- PHA5252: Managed Care Pharmacy (3 cr)
- PHA5255: The Human Factor in Patient Safety: Understanding Errors that Cost Lives and End Careers (3 cr)
- PHA5728: Medicare and Medicaid for Pharmacists: What Every Pharmacist Should Know about the Country’s Largest Healthcare Payers (3 cr)
- PHA5731: The Pendulum of Controlled Substances (2 cr)

Any questions regarding the online off book elective should be directed to de-support@ahc.ufl.edu
RESEARCH
1PD and 2PDs

You may always supplement your summer enrollment (to meet the four credit hour minimum required for aid, if applicable to you) with a RESEARCH ELECTIVE!

RESEARCH is NOT OFF BOOK...

There is no tuition or fee liability attached.

The time commitment is as follows for the Summer C term:

<table>
<thead>
<tr>
<th>CREDIT</th>
<th>HOURS IN LAB/WEEK</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>3</td>
</tr>
<tr>
<td>2</td>
<td>6</td>
</tr>
<tr>
<td>3</td>
<td>9</td>
</tr>
</tbody>
</table>

Hours do not necessarily need to be completed in this weekly fashion. We understand that certain projects cannot adhere to such rigid timelines. Requirements can be met in any combination that suits your instructor, as long as you complete the total hours.

1 credit - 3 hours x 16 weeks = 48 hours
2 credits - 6 hours x 16 weeks = 96 hours
3 credits - 9 hours x 16 weeks = 144 hours

The best place to start is with either your faculty advisor, mentor, or favorite professor, all of whom will be pleased to guide you, based on your interests and skills.

Once you establish a ‘plan,’ while copying the instructor, email Mr. McLeod (mcleod@cop.ufl.edu), with the following:

- Your name, UFID and campus
- Instructor’s Name & Department Affiliation
- Number of credit hours

These sections are departmentally controlled, and we will register you.

If you have any questions or concerns, please do not hesitate to contact me.
2PDs ONLY
Dr. Klinker, Director of the Office of Experiential Programs (OEP), will be accepting students to work with her in research/projects related to the IPPE 4 experience.

- Three Credits
- No tuition
- No fees

Space is limited! Submit this form to be considered in a randomized selection process (electronic lottery) for registration in this 3 credit course. The deadline to submit your name is Monday, 4/6 at 9:00 am.

IF YOU ARE NOT SELECTED or not interested in this option, and are still interested in research as an elective, you are encouraged to pursue it with another faculty member.

The best place to start is with either your Faculty Advisor or mentor, both of whom will be pleased to guide you, based on your interests and skills.

Once you establish a ‘plan,’ just email Mr. McLeod (mcleod@cop.ufl.edu) with the following:

- Your name, UFID and campus
- Instructor’s Name & Department Affiliation
- Number of credit hours

These sections are departmentally controlled, and we will register you.

If you have any questions or concerns, please do not hesitate to contact me.

No matter what you decide, we will only be able to register you if you have NO HOLDS!

Check in ISIS and clear anything 'out there!'
PharmD students must be enrolled in 4 or more hours to be eligible for financial aid. These four hours can be a combination of fee liable (i.e., Off Book) and non-fee liable (IPPE, research) courses.

Tuition will not be reduced in subsequent terms if summer electives are taken. Tuition is assessed in a block manner and there are plenty of ‘covered’ electives in the curriculum.

*All aid related questions should be directed to Myra Edwards (mnedwards@ufl.edu)!*

No matter what you decide, we will only be able to register you if you have NO HOLDS! *Check in ISIS and clear anything ‘out there!’*
