COLLEGE OF PHARMACY

FINANCIAL AID/AWARDS HANDBOOK

2016-2017 Academic Year

We have taken care to ensure the accuracy and timeliness of information in this handbook. However, contents are subject to change without notice due to changing state and federal regulations, availability of funds from College related sponsors, as well as unintended error. All financial aid awards are contingent upon availability of funds and are subject to revision.

GENERAL INFORMATION

The College of Pharmacy is pleased to be able to assist students with financial need. The Office for Student Affairs coordinates the financial aid available from a number of organizations. The Financial Aid and Awards Committee selects recipients based on information supplied by the student regarding financial need, academic performance, and in some cases, extracurricular activities. The Committee is made up of faculty and pharmacy students.

The amount of financial aid for which you are eligible depends on your financial need. Financial need is defined as the difference between the cost of attendance and the amount you and your family can afford to pay. The College of Pharmacy financial aid is primarily reserved for students who need assistance beyond their own income, family support, and financial aid received through the Office for Student Financial Affairs (SFA) and other sources. The College has limited funds and, therefore, attempts to supply these funds to those students with the greatest financial need.

The Office for Student Financial Affairs (SFA) at the University of Florida is located in Criser Hall. The SFA coordinates federal and state supported financial aid such as Pell Grants, loans, part-time employment and private scholarships from a variety of endowments. In addition to Criser Hall, there is also an SFA office conveniently located in the Health Professions, Nursing and Pharmacy Building. Tyler Rosenberger is the Financial Aid Advisor for the College of Pharmacy. He is available year round for advising and may be reached by phone at 352-273-6202 or by email at rosetg@ufl.edu

His office is located in room G-208 in the HPNP Building.

Gainesville, FL 32610-0495

(352) 273-6202

To apply for Federal Aid (FAFSA)

www.fafsa.ed.gov

UF School Code: 001535

OFFICE FOR STUDENT FINANCIAL AFFAIRS (SFA)

Students who are applying for and/or receiving aid through SFA at Criser Hall are encouraged to read the information regarding procedures for application, renewals, award notices, processing time, eligibility, college costs, disbursement of aid, and other details in the Gator Aid Application Guide. You may access the Gator Guide at the SFA.ufl.edu website.

Students wishing to apply for assistance administered by the University of Florida must complete a Free Application for Federal Student Aid (FAFSA). FAFSA's are available at SFA in Criser Hall or online at <http://www.fafsa.ed.gov/>. Apply as soon as possible after October 1st. If the University of Florida is listed in the College section of your SAR (University of Florida school code is 001535) it will be sent electronically to SFA.

The Federal Processor will return the results of your FAFSA in the form of a Student Aid Report (SAR) approximately 2-3 days after submitting the FAFSA. The SAR indicates your expected family contribution.

It is very important to apply as early as possible after October 1st. The UF-Student Financial Aid deadline date used when awarding Federal and Institutional need-based aid is December 15th. We must receive the results of your FAFSA with a valid EFC (Expected Family Contribution) by December 15th for you to be considered “on time”.

Applicants approved for financial assistance will receive a Notification of Financial Aid Award from the Office for Student Financial Affairs **via their UF email in August**. To continue receiving financial aid, it is necessary to reapply, demonstrate sufficient financial need each year, and maintain satisfactory academic progress.

Only citizens and eligible resident aliens of the United States are eligible to apply for financial aid. Foreign students should contact the Office for International Student Affairs at 352-392-5323 or online at <http://www.ufic.ufl.edu/ISS/index.html>.

The College of Pharmacy Office for Student Affairs is not directly involved with Federal financial aid. We will try to assist you in any way possible, but all questions regarding federal or state aid should first be addressed at the Office for Student Financial Affairs at Room G-208 in the HPNP Building, (352) 273-6202.

THE FOLLOWING INFORMATION IS EXTREMELY IMPORTANT IF YOU PLAN ON APPLYING FOR FEDERAL OR STATE AID OR ARE CURRENTLY RECEIVING SUCH AID. PLEASE READ THIS SECTION CAREFULLY.

There are several questions on the Free Application for Federal Student Aid (FAFSA) which require special attention from pharmacy students. Please use the following guidelines when filling out information regarding your grade level and enrollment.

On the FAFSA form you will be asked if you will be enrolled in a graduate or professional program. The answer to this question is YES (**ONLY** if you will have a four year degree or 90 or more credit hours when you will start the program). If you are an incoming first year Pharmacy student and you will **NOT** have 90 or more credit hours, answer NO. All second, third and fourth year students answer YES.

If you have NEVER received a baccalaureate or any higher degree, when entering your grade level, for financial aid purposes only, please use the following information:

First Professional Year (1PD)	3 rd year undergraduate*
Second Professional Year (2PD)	2 nd year graduate/professional
Third Professional Year (3PD)	3 rd year graduate/professional
Fourth Professional Year (4PD)	4 th year graduate/professional

If you HAVE received a baccalaureate or any higher degree, when entering your grade level, for financial aid purposes only, please use the following information:

First Professional Year (1PD)	1 st year graduate/professional
Second Professional Year (2PD)	2 nd year graduate/professional
Third Professional Year (3PD)	3 rd year graduate/professional
Fourth Professional Year (4PD)	4 th year graduate/professional

*Students should enter “3rd year undergraduate” only if they have less than 90 credit hours transferring to the College of Pharmacy. Any student with 90 or more credit hours transferring into the College of Pharmacy as a 1PD should enter his or her grade level as “1st year graduate/professional.”

DEPENDENT/INDEPENDENT STUDENT STATUS

The federal government has established criteria for classifying financial aid recipients as dependent or independent. If you are dependent, your parents' assets and income and your own are evaluated.

You are considered legally independent if you:

- ◆ are at least 24 years old by January 1 of the award year
- ◆ are a veteran of the U.S. Armed forces, regardless of age
- ◆ are an orphan or ward of the court
- ◆ have a legal dependent other than a spouse
- ◆ are married
- ◆ are a graduate or professional student (excluding first year 1PD students with less than 90 credit hours)

STANDARDS OF ACADEMIC PROGRESS

Students must comply with certain conditions and maintain satisfactory academic progress in order to be eligible to receive federal and state aid. These are described in detail in the Gator Aid Handbook.

The University of Florida Academic Progress Appeals Committee for Financial Aid reviews extensions for financial aid eligibility. Petition forms may be obtained at <http://www.sfa.ufl.edu/publications/forms/> located under the Appeals and Petitions header. Please contact Tyler Rosenberger for assistance in filling out these forms.

Please check the University of Florida Undergraduate Catalog, Division of Student Affairs section, for specific information regarding financial aid eligibility.

All federal financial aid programs are subject to change. For further information, contact the Office for Student Financial Affairs.

COLLEGE OF PHARMACY FINANCIAL AID INFORMATION

Application Forms

Application forms for financial aid offered through the College must be submitted on the College's web site. You will be sent a link to this site during the first few months of the Fall semester. This form is only open during part of the fall semester and the deadline will be sent to you. Students are reminded that the more complete and specific data presented in the application form, the better the probability that the Financial Aid and Awards Committee can make a fair decision regarding financial need.

Students should attempt to utilize the financial aid offered through the University of Florida Office for Student Financial Affairs before utilizing College of Pharmacy financial aid. College of Pharmacy financial aid is intended to be a supplement to your other sources of income (i.e., family contribution, savings, and federal and state aid).

Eligibility

To be eligible for most aid, you must:

1. Be enrolled full-time (at least 12 credit hours per semester);
2. Maintain satisfactory academic progress (i.e., not be on probation);
3. Not be in default on a student loan.

* Exceptions can be made upon request to the Financial Aid and Awards Committee.

When to Apply

Applications must be submitted online by the deadline provided by Judson Gartner, Student Affairs Program Assistant. The deadline provided may not apply to all aid. Please see the complete list of financial aid sources with application deadlines in the College of Pharmacy Financial Aid Listing of this handbook.

Processing of Financial Aid Applications

The Financial Aid and Awards Committee reviews applications for all aid awarded by the College. Some organizations choose to select the recipient, and the College forwards all eligible applications to those organizations. Applicants are notified of the status of their financial aid awards by letter. The Committee will entertain petitions for a reversal of a negative decision if new data and/or circumstances are submitted with the petition.

Please understand that the Committee attempts to award aid to those with the greatest need. With the limited funds that are available, some students with financial need may not receive aid because their need may not be as great as that of others. The Office for Student Affairs and the Financial Aid and Awards Committee are available for guidance and counseling in these matters.

Disbursement of Aid

The majority of aid disbursed through the College of Pharmacy is processed by the University of Florida Bursar. Aid is generally disbursed within the first two weeks of classes. Any students receiving federal or state aid cannot be given more money than is allotted in their budget. If your federal and state aid meets your budget and you are awarded college aid, some of your federal and state aid will be recalled. The amount that your budget is over met will be deducted from loans first.

Announcements of Aid Recipients

Some of the financial aid that is available through the College is based on a competitive standard involving such criteria as: academic ability, leadership, extracurricular activities, etc. Recipients will be notified of these specific awards by letter. The presentation of awards takes place at the College of Pharmacy Awards Reception. Recipients should plan to attend the ceremony. If students cannot attend the presentation of an award, they must notify the Office for Student Affairs in advance.

COLLEGE OF PHARMACY SCHOLARSHIPS

AL AND BELLE MEYERSON SCHOLARSHIP

- Criteria:** Must be a Broward County Resident, show excellent academic performance, and display financial need.
Amount: \$200 (one available)
Selection: Financial Aid and Awards Committee
